

1 BEGIN THE TOUR: FROM THE GROUND FLOOR TO THE MEZZANINE

LEVEL 1 THE ΡΓΕ-ΓΟΜΛΛ ΕΓΛ (800 - 100 BC)

Discover the daily life and rites of the Arecomic Volques, the Gaulish people who settled on the site of Nîmes around the Source of La Fontaine, well before the Roman colony. The numerous traces and objects found enable reconstitution of the way of life of a society that was already economically very important.

LEVEL 1 THE ΓΟΜΛΛ ΕΓΛ (27 BC - AD 400)

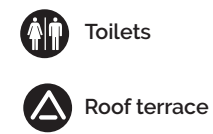

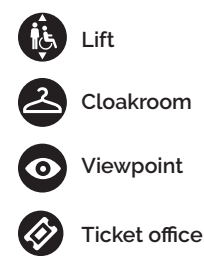

At the end of the Caesarean era (44 years before our era), Nîmes became a colony and took the name of Colonia Augusta Nemausus. Compare the city of today with the traces of the past and immerse yourself in Roman civilisation.
